- Frontend – JavaScript, jQuery, Bootstrap, HTML, CSS.
- Databases – MySQL, PostgreSQL, Microsoft SQL Server.
- Async / Cache – Redis, Laravel Horizon, queues, cron jobs.
- Infrastructure – Linux, Ubuntu, CentOS, Apache, SSH, Supervisor.
- Languages – English - Upper-intermediate (B2), Basic Spanish, Basic French.
- Practices – REST API design, integrations, debugging, code review, production troubleshooting.
- Additional Knowledge – Java, Spring Boot, Python, Amazon S3.
- Tools – Git, Postman, NPM.

## PROFESSIONAL EXPERIENCE

Web Control – Feb 2022 – Present

IT Supervisor / Senior Software Engineer

- Led a team of 5 software engineers responsible for system maintenance, integrations, and new feature development.
- Designed and maintained RESTful APIs using Laravel, integrating with modern e-commerce platforms and third-party services.
- Modernized and maintained a mission-critical legacy ERP running PHP 5.3 while developing new services and APIs using PHP 7/8 and Laravel.
- Designed, maintained, and integrated Brazilian electronic invoicing solutions (NF-e, NFC-e, NFS-e), including integrations with SEFAZ and multiple municipal tax authorities.
- Actively contributed to backend architecture decisions, code reviews, and deployment validation processes.
- Participated in Git workflow management and release validation for production environments.
- Assisted in on-premises server administration (datacenter-hosted), handling SSH access, configuration adjustments, cron management, and environment troubleshooting.

Full-Stack PHP Developer - May 2021 – Feb 2022

- Developed and maintained ERP features using PHP, Laravel, JavaScript, jQuery, and MySQL, including REST API integrations.

Omnilink – Aug 2020 – May 2021

Junior Full-Stack Developer

- Developed and maintained PHP/CodeIgniter applications using MySQL, JavaScript, jQuery, and Bootstrap, while providing technical support and user training.

Simplifica – Jun 2016 – Aug 2020

Junior PHP Developer / Intern

- Developed and maintained web applications using PHP, JavaScript, jQuery, MySQL, HTML, CSS, and Bootstrap.
- Provided user support in Portuguese and English.
